
 The Summary of Benefits and Coverage (SBC) document will help you choose a health [plan](#). The SBC shows you how you and the [plan](#) would share the cost for covered health care services. **NOTE: Information about the cost of this [plan](#) (called the [premium](#)) will be provided separately. This is only a summary.** For more information about your coverage, or to get a copy of the complete terms of coverage, contact HealthEZ at 1-844-449-5545. For general definitions of common terms, such as [allowed amount](#), [balance billing](#), [coinsurance](#), [copayment](#), [deductible](#), [provider](#), or other underlined terms see the Glossary. You can view the Glossary at www.dol.gov/ebsa/pdf/sbcuniformglossary.pdf or call 1-844-449-5545 to request a copy.

| Important Questions | Answers | Why This Matters: |
|---|--|---|
| What is the overall deductible ? | \$2,600 individual/ \$5,200 family for in-network providers. \$5,200 individual/ \$10,400 family for out-of-network providers. | Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. The deductible is Non-Embedded . If you have other family members on the policy, the overall family deductible must be met before the plan begins to pay. Deductible year runs 01/01 to 12/31. |
| Are there services covered before you meet your deductible ? | Yes. Preventive care and primary care services are covered before you meet your deductible . | This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost-sharing and before you meet your deductible . See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/ . |
| Are there other deductibles for specific services? | No. | You don't have to meet deductibles for specific services. |
| What is the out-of-pocket limit for this plan ? | \$2,600 individual/ \$5,200 family for in-network providers. \$5,200 individual/ \$10,400 family for out-of-network providers. | The out-of-pocket limit is the most you could pay in a year for covered services. The out-of-pocket limit is Embedded . If you have other family members in this plan, they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met. |
| What is not included in the out-of-pocket limit ? | Premiums , balance-billed charges, and health care this plan does not cover. | Even though you pay these expenses, they don't count toward the out-of-pocket limit . |
| Will you pay less if you use a network provider ? | Yes. See www.AMTBenefits.com or call 1-844-449-5545 for a list of in-network providers. | This plan uses a provider network . You will pay less if you use a provider in the plan's network . You will pay the most if you use an out-of-network provider , and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services. |
| Do you need a referral to see a specialist ? | No. | You can see the specialist you choose without a referral . |

 All [copayment](#) and [coinsurance](#) costs shown in this chart are after your [deductible](#) has been met, if a [deductible](#) applies.
