Important Questions	Answers	Why This Matters:
What is the overall deductible?	Network providers : \$1,500/individual or \$3,000/family Out-of-network provider : \$5,200/individual or \$10,400/family	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. The deductible is Non-Embedded . If you have other family members on the plan , the overall family deductible must be met before the plan begins to pay. Deductible year runs 01/01 – 12/31
Are there services covered before you meet your deductible?	Yes. Preventive care services are covered before you meet your deductible .	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive care without cost-sharing and before you meet your deductible . See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/ .
Are there other deductibles for specific services?	No.	You don't have to meet deductibles for specific services.
What is the out-of-pocket limit for this plan?	Network providers : \$1,500/individual or \$3,000family Out-of-network providers : \$5,200/individual or \$10,400/family	The out-of-pocket limit is the most you could pay in a year for covered services. The out-of-pocket limit is Embedded . If you have other family members in this plan , they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met.
What is not included in the out-of-pocket limit?	Premiums , balance billing charges, and health care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the out-of-pocket limit .
Will you pay less if you use a network provider?	Yes. See AMTBenefits.com or call 844-449-5545 for a list of network providers .	This plan uses a provider network . You will pay less if you use a provider in the plan's network . You will pay the most if you use an out-of-network provider , and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing).
Do you need a referral to see a specialist?	No.	You can see the specialist you choose without a referral .

 All [copayment](#) and [coinsurance](#) costs shown in this chart are after your [deductible](#) has been met, if a [deductible](#) applies.
